

We are East Africa's largest executive helicopter operator with a fleet exclusively made up of modern turbine Eurocopter helicopters. All our pilots meet strict minimum experience, qualification and training requirements. With many years of collective experience, we are renowned for our high quality service levels and our clients know that we will never compromise our strict safety standards.

Not surprisingly, we are regularly entrusted to fly royal families, heads of state, chief executives of major corporations and famous celebrities, we are proud to have been awarded the ISO 9001:2008 certification.

Our executive helicopters are more than just a means of transport. It is a space within which you can relax and entertain guests. Large windows provide plenty of natural light and the opportunity to enjoy the scenery passing by, or take photos as you travel. Light snacks and soft drinks, and champagne and wine coolers for sundowners and picnics, ensure the experience is akin to Business Class airline travel.

Lady Lori's fleet of helicopters provide our customers with full flexibility for travel plans. Whether you require a short hop from Jomo Kenyatta International Airport to our executive lounge at Wilson or a choice of other locations within Nairobi suburbs, or if you are transporting a large group of guests to a wedding or social event, Lady Lori can cater for any executive travel requirement throughout East Africa. Every helicopter operated by Lady Lori is maintained by our award-winning, in-house engineering team, ensuring that they are kept to the highest safety standards. Cabins are presented in mint condition, with every detail of the flight meticulously scrutinized.

Our Charter Services Team is happy to arrange bespoke packages to include accommodation, dining, car transfers and other items on request, and can often offer preferential prices for these options. Please contact us at anytime to discuss your next break or package option.

Lady Lori – unrivalled experience, exemplary service. We are, in short, experts in flight
